PROFILE

Passionate Web Developer with a strong command of front-end technologies, including Salseforce Adminastrator, Angular, HTML, CSS, Bootstrap, and JavaScript. With a keen eye for design and a commitment to delivering exceptional user experiences, I specialize in crafting responsive and visually appealing websites. My dedication to clean code and problem-solving has allowed me to create interactive and feature-rich web applications that meet and exceed client expectations. I thrive in collaborative environments and am always eager to tackle new challenges in the ever-evolving world of web development. Let's work together to bring your digital vision to life

EXPERIENCE

Intern

THE BAAP COMPANY - Software Development Company

ENTER YOUR JOB POSITION

As an intern at The Baap Company, I am actively engaged in web development operations and website creation. My role involves working on the entire web development lifecycle, from concept to deployment. I have the privilege of designing, developing, and maintaining websites that meet our clients' needs and exceed their expectations.

I bring a strong skill set to the table, including expertise in Angular, HTML, CSS, Bootstrap, JavaScript, and more. Leveraging Angular, I create dynamic and interactive web applications that provide seamless user experiences.

Collaborating closely with seasoned developers and designers, I've gained invaluable insights into the intricacies of web development. This internship has allowed me to actively contribute to projects, engage in cross-functional teamwork, and continually refine my problem-solving abilities.

In this ever-evolving field, I am committed to staying current with the latest industry trends and best practices to ensure our projects remain innovative and competitive. I am enthusiastic about honing my skills and making a significant impact on the success of our web development endeavors.
